

The **Dyslexia Alliance for Black Children (DABC)** aims to eliminate the amplified inequities for Black children experiencing unaddressed dyslexia and related learning disabilities. Our vision is that every child is a learner empowered to reach their full potential.

DABC provides workshops for educators, which aim to equip school staff with the knowledge and tools to recognize signs of dyslexia, understand its impact on learning, and implement effective strategies to support students with dyslexia. By fostering a deeper understanding of dyslexia and its intersection with culture and language, educators can create more inclusive and justice focused learning environments.

### **Educator Workshop:** **Understanding Dyslexia: A Hidden Reading Disability**

In this workshop, participants will:

- Develop an understanding of reading acquisition and the brain.
- Identify the signs and symptoms of dyslexia, the neurological underpinnings and impact social emotional development.
- Differentiate between a clinical diagnosis of dyslexia and an IDEA classification.
- Understand evidence-based interventions for students with dyslexia and other reading difficulties
- Interrogate barriers to identification.

Live 1.5 hour **virtual** session  
Certificate of Completion available

#### **Options to participate:**

- Bring this virtual workshop to your school or organization. Cost: \$900 per workshop.
- Contact us for a calendar of upcoming sessions. Cost: \$25 per participant

**Who should attend?** Teachers, related service providers, family or parent coordinators, literacy specialists seeking to learn more about dyslexia.

DABC provides workshops for educators, which aim to equip school staff with the knowledge and tools to recognize signs of dyslexia, understand its impact on learning, and implement effective strategies to support students with dyslexia. By fostering a deeper understanding of dyslexia and its intersection with race, educators can create more inclusive and justice focused learning environments.

## **Educator Workshop:** **Partnering with Families: Dyslexia Awareness and Support**

### **In this workshop, participants will:**

- Understand the signs and symptoms of dyslexia in students and the potential impact on families.
- Identify why families experience an outsized advocacy burden when navigating services.
- Explore the impact of intergenerational school trauma and multi-generational low literacy.
- Develop a plan to partner and support families through building toolkits and family-centered activities.
